Mr. Tyler Schiltz, SHEQ Coordinator  
Cameco Resources – North Butte  
P.O. Box 450  
Wright, WY 82732

**RE: Bond Amount for Permit No. 632, Cameco Resources, North Butte ISR Project**

Dear Mr. Schiltz:

The information presented in the 2014-2015 Annual Report for Permit No. 632 has been reviewed by the Land Quality District III staff, and the Annual Inspection required by W.S. §35-11-411(c) was conducted on April 23, 2015.

In accordance with W.S. §35-11-411(d), the bond amount is set at \$27,738,300. This represents an increase of \$5,323,900 over the current required amount of \$22,414,400. Please contact Ms. Carol Bilbrough at (307) 777-6772 for information on how to increase the bond. The corrected bond should be submitted to LQD within forty-five days of your receipt of this letter, care of Ms. Bilbrough.

*Please be advised that bonds, whether surety or self-bonds, must be submitted on one sheet, back-to-back. In addition, the original, signed certification of signatory authority for a principal must contain sufficient indicia of proof of such authority. In many cases, this will be the relevant portions of by-laws (for example, the first page showing whose by-laws they are, the page or pages addressing signatory authority and the last page). In other cases, such authority is apparent on the face of the certification itself. A sample of such an instance is enclosed.*

This bond amount is based only on an estimate of the cost of the state performing reclamation in the event of bond forfeiture. If this estimate proves to be less than the amount required, the Department will bring suit to recover the additional cost as allowed under W.S. §35-11-422.

Should you have any questions, please contact Luke McMahan in the Sheridan District Office at (307) 675-5619.

Sincerely,

Todd Parfitt  
Director  
Department of Environmental Quality
