- 1) Gerard van Noordennen, *ZionSolutions*, Letter to U.S. Nuclear Regulatory Commission, "License Amendment Request for the License Termination Plan," dated December 19, 2014

The Zion Station License Termination Plan (LTP) was submitted to the U.S. Nuclear Regulatory Commission (NRC) for review on December 19, 2014 as documented in Reference 1. Following initial NRC review, *ZionSolutions* identified that there was erroneous information contained in Table 3-2, "Radiation Exposure Projections for Decommissioning and Fuel Storage Activities." Table 3-2 has been revised to correct the errors and is included in Attachment 1. It is requested that the revised Table 3-2 be inserted into all NRC copies of the License Termination Plan previously submitted.

There are no regulatory commitments made in this submittal. If you should have any questions regarding this submittal, please contact Robert Yetter at (224) 789-4250.

Respectfully,

Gerard van Noordennen
Vice President Regulatory Affairs
