Subject: [External_Sender] Docket ID NRC-2015-0057

As an Engineer, I am vehemently against moving away from the LNT model for protection against radiation.

I beg you, do NOT adopt the hormesis model. Simple physics dictates there is no "safe", let alone a beneficial amount of radiation. All forms of radiation can potentially have very real and negative impacts to human health.

Say NO to the hormesis model.

Sincerely,

Scott Simmons
