General Comment

Are you people crazy??? This schem is deviant and devoid of any rational thought !

DO NOT DO THIS!!!

I am a Florida native; growing up in Miami, I have seen the unfortunate change to this unique sub-tropical environment as it is. This proposal subjects our delicate environs to the horrible and - INEVITABLE - hurricane impact that would be devastating on many levels; not the least of which is to Floridas' survival as a tourist destination. Our beautiful beaches are an intricate part of our survival as a state. This will devastate our fishing, our swimming, our Everglades, the intrinsic beauty, life style and safety of our unique and beloved state.

Think!

This is a hideous idea; STOP THIS !!!
