SUBJECT: UNIVERSITY OF CONNECTICUT, AMENDMENT NOT NEEDED, CONTROL
NO. 587120

Dear Dr. Seemann:

This refers to your application dated May 27, 2015, for an amendment to your license to reflect changes in your Radiation Safety Committee (RSC). Current NRC policy does not require that the Chairperson or the membership of the RSC be listed on a broad scope license, therefore such licenses do not need to be amended when the composition of RSC changes. Your above listed license is of broad scope. Therefore, you only need to notify the NRC of any change in the membership of Radiation Safety Committee.

In accordance with your letter, we have recorded the changes in your RSC. Thank you for your notification of the changes.

Sincerely,

Original signed by Sattar Lodhi
