Re: Confirmation of New Location of Use Requested for License No. 10-29283-02,
Control No. 582915

Dear Ms. Shaffer,

We acknowledge and apologize for the discrepancy in address given for our new location of use in St. Louis, MO, in our letter and attachments previously submitted in May 2013.

Enclosed please find letters from the Digirad Business Director for the region including Missouri, and the property owner of our planned hub location in St. Louis, confirming the address to be 10752 Traction Ave., St. Louis, MO 63132.

We would like to begin our operations in St. Louis as soon as possible, and as such your prompt attention to this matter would be greatly appreciated.

Please contact me with any questions or concerns by telephone at (678) 354-9617 or via email at zabair@westphysics.com.

Sincerely,

Zubair Abbasi, M.S., DARR

RE: Radioactive Material in the 10752 Trenton Ave., St. Louis, MO 63132 Facility

Dear Ms. Shaffer,

An earlier version of this letter previously sent to Digirad RSO Zubair Abbasi, and forwarded to the Nuclear Regulatory Commission (NRC), erroneously listed the property our tenant, Digirad, is leasing from us for the purpose of operating a mobile nuclear medicine service hub location as "10752 Industrial Blvd St Louis, MO". The correct address is "10752 Trenton Ave., St. Louis, MO 63132".

Greenberg Development Company, LLC, hereby gives approval to the tenant, Digirad, to receive, ship, store, possess and use low levels of radioactive material(s) at the 10752 Trenton Ave facility. Greenberg Development Company, LLC may be contacted at 636-227-9801 ext. 22. Our physical and mailing address is 15563 Manchester Road, Ballwin, Missouri 63011. The property, 10752 Trenton Ave., St. Louis, MO 63132 is owned by and managed by Greenberg Development Company, LLC.

Digirad is responsible for obtaining any applicable licensing or permits within the State of Missouri or from any federal agencies or commissions, such as the NRC, as applicable for the purposes as required to the perform applicable business. In addition, Digirad will provide for the proper apparatus, devices and equipment to handle and store said material in compliance with all licensing requirements, codes, permits, ordinances, etc. and shall provide Greenberg Development Company, LLC with copies of all licenses, permits, etc. as applicable along with evidence of compliance or any notifications of non-compliance associated with the use, storage or handing of the radioactive material.

Sincerely,

Edward Kohn
