Good Morning - We are definitely in favor of renewing the license for the Oconee Nuclear Power plant and request that appropriate action be taken by NRC to arrange for extension. We feel that nuclear power generation is a safe and clean way to meet the current and future power requirements of the US. Further we feel that the Oconee Station is operated with full attention to safety and in accordance with NRC rules and regulations. Thanks for your consideration of our views. Mr. & Mrs. William F.
