**Subject:** [External\_Sender] Radioactive Disposal changes

The below changes to the radioactive waste disposal rules are unacceptable and will harm Americans.

Weaken radiation protection standards

Allow deregulation of some radioactive waste

Prevent states from setting their own, stricter safety standards for radioactive waste

Establish a clear conflict-of-interest by allowing waste dump operators to perform their own safety assessments in order to accept more kinds of waste at their sites.

Please don;t enact these regulations.

Sandra Cobb
