Subject: [External_Sender] Don't weaken radioactive waste rules

Dear Secretary,

Aloha,

Nuclear Regulatory Commission please don't weaken radiation protection standards.

Don't allow deregulation of some radioactive waste.

Don't prevent states from setting their own, stricter safety standards for radioactive waste.

These changes would establish a clear conflict-of-interest by allowing waste dump operators to perform their own safety assessments in order to accept more kinds of waste at their sites.

These proposed changes are unacceptable.

Thank you,
Mary Lu Kelley
