SUBJECT: REISSUANCE OF REGISTRATION CERTIFICATE NR-0220-D-131-S

Dear Mr. Desgagné:

During a recent review of our records it was noted that the registration certificate NR-0220-D-131-S made reference to a sealed source. Please be advised that you must manufacture and distribute any registered product in accordance with the statements and representations contained in your application, with enclosures thereto, and the information set out in your registration certificate. As a general rule, you must request and obtain an amendment to the certificate before you make changes or modifications to the information submitted to obtain the certificate.

Please read over the enclosed registration certificate in its entirety and notify us immediately of any errors or omissions.
