**Subject:** Conference call topics for 7/23/15

Steve:

Please have people available to discuss topic related to eRAI No: 7811 (Question 2.5.4-26) for the conference call tomorrow

- Scope and general description on grout test program and how closure criteria of the grouting ITAAC (for both the grouted zone and the extended grouted zone) to be developed and determined
- Discuss how to determine the suitability/optimum of important technical parameters (such as injection rates, pressure (control of pressure and safe grouting pressure/maximum safe pressure),
- volume limits, spacing of holes, inclined grout holes if necessary,
- Cement type used based on chemical analysis of groundwater
- Definition on void, grouted zone, and extended grouted zone. FSAR update.

Any questions, please call me.

Thanks
