Re: Oconee Nuclear Station  
Docket Nos. 50-269, -270, -287

Dear Sir:

My letter of October 1, 1976 proposed to delete certain Oconee Technical Specifications pertaining to tendon and anchorage surveillance and liner plate surveillance programs. As stated in the above letter, these programs had been previously completed. Reports documenting the completion of the tendon end anchorage surveillance were submitted for Unit 1 on April 23, 1974, for Unit 2 on October 29, 1974, and for Unit 3 on April 30, 1976. Reports documenting the completion of the liner plate surveillance were submitted for Unit 1 on April 2, 1974, for Unit 2 on January 2, 1975, and for Unit 3 on December 12, 1975.

Inasmuch as this letter supplements an earlier submittal, no license fees are provided.

Very truly yours,

  
William O. Parker, Jr.
