Re: Oconee Nuclear Station
Docket Nos. 50-269, -270, -287

Dear Sir:

In your letter of July 23, 1979 you requested that Duke Power Company propose an amendment to the Facility Operating Licenses for the Oconee Nuclear Station to incorporate a secondary water-chemistry monitoring program. Please find attached the requested proposed amendment. As noted in your letter, this supplements an earlier proposal dated September 22, 1976, and, as such, no licensing fees are required.

Very truly yours,

William O. Parker, Jr.

WILLIAM O PARKER, JR., being duly sworn, states that he is Vice President of Duke Power Company; that he is authorized on the part of said Company to sign and file with the Nuclear Regulatory Commission this request for amendment of the Oconee Nuclear Station Facility Operating Licenses DPR-38, DPR-47 and DPR-55; and that all statements and matters set forth therein are true and correct to the best of his knowledge.

William O. Parker, Jr., Vice President

Subscribed and sworn to before me this 11th day of September, 1979.

Notary Public

My Commission Expires:

February 15, 1982

DUKE POWER COMPANY
OCONEE NUCLEAR STATION

Proposed Amendment to Operating Licenses
DPR-38, -47, -55

- 3G. The licensee shall implement a secondary water chemistry monitoring program to inhibit steam generator tube degradation. This program shall include:
1. Identification of a sampling schedule for the critical parameters and control points for these parameters;
 2. Identification of the procedures used to quantify parameters that are critical to control points;
 3. Identification of process sampling points;
 4. Procedure for the recording and management of data;
 5. Procedures defining corrective actions for off control point chemistry conditions; and
 6. A procedure identifying the authority responsible for the interpretation of the data, and the sequence and timing of administrative events required to initiate corrective action.
