Mr. Robertson,

Using the information provided by Lumondi, Inc. (Luminox), I created a table (attached) with all the timepieces Lumondi is distributing under exempt distribution license 04-23929-01E. This table includes the timepieces Series, the source model number and the maximum activity of byproduct material per timepiece, dial and hands. This table will be added to your exempt distribution license as a tie down. Please note that since the table will be part of your license, the Series in the attached table will be the only watches you will be authorized to distribute under your NRC license 04-23929-01E. Please review the attached table and add any other missing Series by COB Wednesday, August 19, 2015.

If you have any questions please let me know.

Best regards,

***Hector Luis Rodríguez-Luccioni, Ph.D.***
