Delegation of Authority for Byproduct Material License 21-08606-08

Memo To: Michael Ginzel, Radiation Safety Officer for Byproduct Material License 21-08606-08

From: Anthony J. Vitale, Site Vice President

Subject: Delegation of Authority for Byproduct Material License 21-08606-08

You, Michael Ginzel, have been appointed radiation safety officer for Byproduct Material License 21-08606-08, and are responsible for ensuring the safe use of radiation related to this license. You are responsible for managing the radiation protection program as it relates to this license, identifying radiation protection problems, initiating, recommending, or providing corrective actions, verifying implementation of corrective actions, stopping unsafe activities, and ensuring compliance with regulations. You are hereby delegated the authority necessary to meet those responsibilities, including prohibiting the use of byproduct material by employees who do not meet the necessary requirements and shutting down operations, when justified, to maintain radiation safety. You are required to notify management if staff does not cooperate and does not address radiation safety issues. In addition, you are free to raise issues with the U.S. Nuclear Regulatory Commission at any time. It is estimated that you will spend three hours per week conducting radiation protection activities related to the subject license.

Anthony J. Vitale, Site Vice President
