SAFETY EVALUATION REPORT
Docket No. 71-9314
Model No. 976 Series
Certificate of Compliance No. 9314
Revision No. 8

SUMMARY

This certificate is being issued to correct a typographical error in Certificate of Compliance No. 9314, Revision No. 7. The package identification number was inadvertently listed on three of the four pages to be USA/9314/B(U)F-96. The correct package identification number is USA/9314/B(U)-96, since the Model No. 976 Series package is not a fissile material package.

CONDITIONS

The certificate header was corrected to ensure that all pages have the correct package identification number, USA/9314/B(U)-96.

CONCLUSION

Based on the statements and representations in the application, as supplemented, and with the conditions listed above, the staff agrees that with these changes, the package continues to meet the requirements of 10 CFR Part 71.

Issued with Certificate of Compliance No. 9314, Revision No. 8,
on 8/19/15.
