Docket Nos. 50-269, -270, -287

Dear Sir:

Please find attached ten copies of the proposed Offsite Dose Calculation Manual (ODCM) Appendix A for the Oconee Nuclear Station. The associated Oconee Radio-logical Effluent Technical Specifications (RETS) were submitted per my letter of February 9, 1983 which addressed the later submittal of this document. The generic portion of the ODCM was submitted per my February 28, 1983 letter and accompanied the ODCM Appendix B for the McGuire Nuclear Station. With that generic section, this constitutes the final revised Offsite Dose Calculation Manual applicable to Oconee and replaces in its entirety any Oconee ODCM previously submitted. Please note that only one package contains full size copies of figures A1.0-1 and A5.0-1.

Very truly yours,

H.B. Tucker / BT
