Mr. Sydney Miner
Office of Nuclear Reactor Regulation
U.S. Nuclear Regulatory Commission
7920 Norfolk Avenue
Bethesda, MD 20814

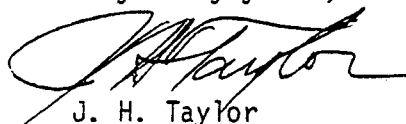

Dear Mr. Miner:

As promised in our May 6, 1983, meeting with the NRC staff the attached represents a formal summary of the information presented. This report is being submitted by B&W on behalf of the B&W Owners Group.

The report contains a summary of the information provided in the May 6, 1983, meeting presentations and answers to questions or requests for additional information made by NRC personnel at that meeting. Appendix A contains the slides used in those presentations. Appendices B, C and D provide answers to several specific NRC questions from the meeting. The answers to the remaining NRC questions are included in appropriate sections of the text of the report.

The affected utilities, the B&WOG Bolting Task Force and/or B&W will keep you advised when new significant information is available. If you have any questions on this submittal, please call me (804-385-2817) or T. L. Baldwin of my staff (804-385-3142).

Very truly yours,

J. H. Taylor
Manager, Licensing
