Docket Nos. 50-269, -270, -287

Dear Sir:

By letter dated February 8, 1983, the NRC issued Generic Letter 83-10 concerning resolution of TMI Action Plan Item II.K.3.5, reactor coolant pump trip criteria. By letter dated March 17, 1983, Duke Power Company provided an initial response to the Staff letter and stated that a response would be provided by July 1, 1983. Currently, the analysis that has been conducted is still under review and, as such, Duke is not ready to provide to the NRC the new proposed reactor coolant pump trip criteria. Duke anticipates providing the information by the end of July.

Very truly yours,

Hal B. Tucker
