Re: Oconee Nuclear Station, Unit 1
Docket No. 50-269

Dear Sir:

Pursuant to my letters of November 16, and December 31, 1979, please find attached "Oconee Nuclear Station Startup Physics Test Program." This document is being provided at the request of the NRC Staff to provide documentation of startup testing commitments with regard to Oconee Unit 1 only. Further discussion with the Staff on various parameters are expected to result in submittal and approval of a generic program before the Oconee Unit 2 startup.

Very truly yours,

William O. Parker, Jr.
