Operating Reactors Branch No. 4

Subject: Oconee Nuclear Station
Docket Nos. 50-269, -270, -287

Dear Sir:

My letter of January 31, 1980 provided responses to several questions on degraded grid voltages. Two items (Questions 6 and 9) required considerable analytical work which was to have been completed on March 1 and 15, 1980 respectively. The work has taken longer than expected. It is anticipated that results will be forwarded to you by May 30, 1980.

Very truly yours,

William O. Parker, Jr.
