Re: Oconee Nuclear Station  
Docket Nos. 50-269, -270, -287

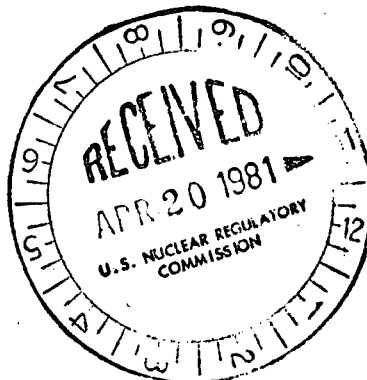

Dear Sir:

Your letter dated October 1, 1980, requested that Duke Power Company submit proposed updated Technical Specifications for the Fire Protection Program at the Oconee Nuclear Station by January 15, 1981. My letters of January 15, 1981 and March 16, 1981 addressed the delay in the preparation of the subject Technical Specifications. However, the subject Technical Specifications are currently in the final stages of review and approval. The reviews should be completed and the Technical Specifications submitted to your office no later than May 15, 1981.

Very truly yours,

  
William O. Parker, Jr.
