Linear No-Threshold Model and Standards for Protection Against Radiation

Comment On: NRC-2015-0057-0010

Linear No-Threshold Model and Standards for Protection Against Radiation; Notice of Docketing and Request for Comment

Document: NRC-2015-0057-DRAFT-0152

Comment on FR Doc # 2015-15441

Submitter Information

Name: Dallas, TX Anonymous

General Comment

Please do not raise the limits of exposure to radiation as normal. The disaster of Fukushima is out of control, and please concentrate on stopping the leaking of contaminated water from Fukushima from reaching the ocean.

Please test all fish, whale and dolphin and other animal deaths for radiation exposure and report it to the public.

So many of these reports are being described as befuddled and no other research or test results ever get reported.
