PROFESSIONAL EXPERIENCE

Project Manager, United States Nuclear Regulatory Commission **2013 - 2015**

- Planned, coordinated, and participated in projects involving environmental considerations associated with the reviews of license applications or amendments.
- Reviewed and/or prepared environmental reports, assessments, and impact statements related to licensing and decommissioning of uranium recovery, fuel cycle, spent fuel storage, and other nuclear materials facilities.
- Coordinated the efforts of contracted technical experts and reviewers in developing products for environmental reviews.
- Assisted in the development of NRC standards, guides, and criteria pertinent to the review of environmental reports and the preparation of environmental assessments and impact statements (EAs and EISs).
- Completed ACHP Guidance on Agreement Documents training (February, 2015).
- Completed ACHP Section 106 Essentials Training and Advance Section 106 Training (September, 2014; August, 2013; December, 2012; and, September, 2012).
- Completed Duke Environmental Leadership Program training: Implementation of the National Environmental Policy Act (February, 2014).
- Completed Archer Institute training: The Original Environmental Compliance Bootcamp (October, 2014).
- Completed Shipley Group training: Applying the NEPA Process and Writing Effective NEPA Documents (December, 2014).
- Completed Udall Foundation training: Advanced Multi-Party Negotiation of Environmental Disputes (August, 2013).

Bridge Management Specialist, United States Coast Guard/Department of Homeland Security **2007 - 2013**

- Served as project manager for various bridge permit applications, leading team through environmental and navigational safety reviews.
- Participated in Cultural Resources Assessment Surveys (CRAS) and related consultations for projects in USCG, District 7 (Miami) and provided technical guidance to field staff conducting NHPA, Section 106 consultation from field offices.
- Provided visibility for high profile projects, and participated in interagency conflict resolution for such projects, such as Goethals Bridge Replacement.
- Completed ACHP Section 106 Essentials Training (April 2012; November, 2011; November, 2007; and July, 2007).
- Completed Fish and Wildlife Service, Section 7 Consultation Training (November, 2009).
- Completed National Enforcement Training Institute's NEPA and Air Impacts training (February, 2008).

Marine Transportation Specialist, Sage Systems Technologies LLC

2006 - 2007

An 8(a) Program graduate, Small Disadvantaged Business, and Alaska Native Corporation (ANC) providing administration and technical solutions to the federal government and public sector.

- Provided expert technical writing/editing support to federal client for documents related to Federal rulemakings.
- Conducted Economic Impact Analyses in support of regulatory actions, and briefed Division Chief with findings.
- Assisted Project Manager with recordation of teams' project schedule, including identification of achievements, gaps, and schedule adjustments in reports for Division Chief.

CAREER ACCOMPLISHMENTS

- Authored multiple Environmental Assessments and Environmental Impact Statements.
- Obtained Environmental Project Manager Qualification.
- Participated in numerous public meetings, agency workgroups, and Congressional briefings related to high profile projects, rulemakings, and post Hurricane Katrina relief work.
