**IN SITU LEACH LICENSE RENEWAL FOR CROW BUTTE RESOURCES, INC.
Docket No. 40-8943, ASLBP No. 08-867-02-OLA-BD01**

To Whom It May Concern:

As neighbors of the Crow Butte Mine, we respectfully request that its license renewal application be granted.

Our home is only two miles from Crow Butte's plant facilities. Our children are the fifth generation of Travis' family to live in close proximity to the mine, and the fourth generation at our home place. No generation of our farm/ranch family has had any adverse issues with water quality as a result of the Crow Butte Mine.

Travis has worked at the mine in several capacities in the past, and knows first-hand that the people of Crow Butte Resources undeniably care about protecting groundwater quality and the environment for generations to come.

Crow Butte has an excellent record and the mine should be re-licensed.

Sincerely yours,

Travis H. Anderson
