Subject: Oconee Nuclear Station  
Docket Nos. 50-269, -270, -287

Dear Sir:

By letter dated June 7, 1985, Duke Power Company (Duke) submitted an Application pursuant to 10 CFR 20.302 to allow for the transfer of contaminated sewage sludge by a contract vendor to a Publicly Owned Treatment Works (POTW). By a June 27, 1985 letter the State of South Carolina Department of Health and Environmental Control granted approval for such a disposition.

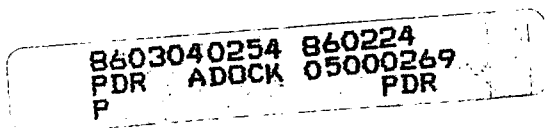

The purpose of this letter is to advise you of Duke's intent to dispose of the slightly contaminated sewage sludge as described in my letter dated June 7, 1985. Duke contends that this is consistent with 10 CFR 150.15(a)(1) regulatory requirements. Unless informed otherwise by March 7, 1986 by the Commission, Duke considers this action to be acceptable by the NRC.

Very truly yours,

Hal B. Tucker
