Re: Oconee Nuclear Station
Docket Nos. 50-269, -270, -287

Dear Sir:

With regard to the NRC letter dated September 17, 1979 we are in compliance with the provisions of 40CFR 190. This has been demonstrated previously by our submittal of June 4, 1976 of an "Appendix I" evaluation for normal operations. We are currently operating within the limits of the evaluation and within the limits of the Oconee Technical Specifications which are based on RM50-2.

Very truly yours,

William O. Parker, Jr.
