Hi Jean:

As we discussed this afternoon Strata has determined that site 48CK2219 was inadvertently affected by site development activities associated with Mine Unit 1. The attached report discusses the factors leading to these activities, the possible impacts based on Strata's knowledge of the site, and immediate and planned corrective actions. The report is marked confidential under 10 CFR Section 2.390(a)(3). Please let me know if you need an affidavit to accompany this and if you have any questions.

Thanks
Mike
