Reply to a Notice of Violation
Request for Extending Response Time

Gentlemen:

Regional Administrator Stewart Ebnetter's letter dated December 19, 1989 transmitted a Notice of Violation and Proposed Imposition of Civil Penalty for the Catawba Nuclear Station. Three violations were described in this letter which related to the operability and reliability of the auxiliary feedwater system.

On December 21, 1989, Mr. Ebnetter issued another Notice of Violation and Proposed Imposition of Civil Penalty against all three of the Duke Power Nuclear Stations. This single violation involved the failure to implement provisions of the physical security program at each of the stations.

I am deeply concerned about these violations and the associated proposed civil penalties. As discussed with Mr. Ebnetter, I request the opportunity to meet with Messrs. Ebnetter and Lieberman to present my response to the proposed penalties and to comment on the overall enforcement process. A tentative date for this meeting has been set for January 31, 1990. Accordingly, I request that the required response time for these violations be extended by twelve days to coincide with this meeting.

Very Truly Yours,

A handwritten signature in cursive script, appearing to read 'Hal B. Tucker'.
