Inspection Report 50-269, -270, -287/93-25
Reply to Notice of Violation
Request for Extending Response Time

Dear Sir:

By letter dated February 11, 1994 the NRC issued a Notice of Violation and Notice of Deviation as described in Inspection Report No. 50-269/93-25, 50-270/93-25, and 50-287/93-25. The Notices require a response by March 13, 1994.

This inspection report covers the Service Water Inspection that was conducted at Oconee on November 1 - December 14, 1993. Within the report, a total of four violations were identified, with eighteen separate examples requiring response. Two deviations were also identified, with five separate examples requiring response. One deviation requires an amended response to Generic Letter 89-13.

We request that the deadline for responding to these issues be extended sixty days, until May 12, 1994. This extension will provide Duke Power Company staff with sufficient time to adequately address all issues.

Very truly yours,

J. W. Hampton
