Re: *Entergy Nuclear Operations, Inc.* (Indian Point Nuclear Generating Units 2 and 3)
Docket No. 50-247-LR/50-286-LR

Dear Commissioners Svinicki, Ostendorff, and Baran and Chairman Burns:

Enclosed please find the State of New York's combined reply in support of its petition for interlocutory review of the July 20, 2015 Atomic Safety and Licensing Board order denying the State's motion to withdraw the proprietary designation of various documents in this proceeding.

Today's submission replies to each of the answers filed by Entergy and NRC Staff, and to the proposed *amicus curie* brief submitted by non-party Westinghouse Electric Company LLC, filed on September 8, 2015, opposing the State's petition.

Thank you for consideration of these documents.

Respectfully submitted,

Signed (electronically) by
