Subject: Telephone Conversation Regarding License Application dtd 08-13-2015; MC588265.

Discussion: Mr. Sharawy was called to discuss information required to continue our review of the license application. Mr. Sharawy was informed of the Agreement State program and that New York is an Agreement State. I asked Mr. Sharawy if he had a NY license for the portable gauge, he said he did and had maintained the license since it was initially issued in the year 2001. I asked the NY license number. Mr. Sharawy said he wasn't sure and did not have the license with him, but that he would send any information necessary via email in response to my questions. I asked if Mr. Sharawy requested an NRC license in order to conduct licensed activities within areas of exclusive Federal jurisdiction, he said he did. I informed Mr. Sharawy that his license application was missing several items that we needed in order to complete our review. I discussed the NRC's guidance in NUREG-1556, Volume 1 with him and told him that Appendix B provides acceptable answers to all questions regarding the license application and he may find it convenient to complete the Appendix and submit it in response. He said he would review it and asked that I send all questions and the web link to the NUREG via e-mail and he would answer them. He stated that he would review them and provide a response within a week.
