RE: NRC Inspection Report 040-08502/214-002 regarding Root Cause Analysis of the
Honeywell drum Incident of September 9, 2014

Dear Mr. Shaffer:

Uranium One has received the NRC inspection report dated August 7, 2015 and would like to express our appreciation of the Independent Root Cause Analysis regarding the September 9, 2014 drum pressurization incident.

Please be assured that Uranium One will continue to pursue a proactive approach to preventing a reoccurrence of this nature. This letter confirms that there is no additional follow-up required by Uranium One.

If you have any questions regarding this information please do not hesitate to contact me at (307) 233-6330 or by email at scott.schierman@uranium1.com.

Sincerely,

Scott Schierman
