Re: Oconee Nuclear Station  
Docket Nos. 50-269, -270, -287

Dear Mr. Purple:

My letter of May 1, 1974 transmitted a copy of the topical report, Duke-1, Quality Assurance Program, dated April 1, 1974. This letter also stated that this topical report would be incorporated by reference into the Oconee License Application. Subsequently, the operating license for Oconee 3 was issued before the topical report was incorporated in the license application.

The quality assurance program described in the topical report, Duke-1, Quality Assurance Program, is applicable to all Duke Power Company nuclear power plants. The topical report is currently undergoing review by the Commission. Upon completion of this review, the Oconee Final Safety Analysis Report will be revised to reflect the quality assurance program presented in the topical report.

Very truly yours,

*A. C. Thies*
