Re: Oconee Unit 2
Docket No. 50-270

Dear Mr. Giambusso:

On August 9, 1974, the Startup Report for Oconee Nuclear Station, Unit 2, was submitted. The report addressed unit startup and power escalation testing through 0500 hours, June 24, 1974. At that time, all or part of several power escalation tests remained to be completed. Submitted herewith is Supplement 1 to the Startup Report, which addresses the period after the above date and prior to 2400 hours, October 31, 1974. Following completion of further testing, additional supplementary information will be compiled and submitted.

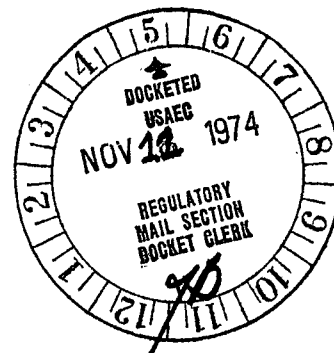

Forty copies of the supplement are attached.

Very truly yours,

A. C. Thies
