Re: License No. 21-32186-01 **Transfer of Control** January 13, 2016

Transferor: Mercy St Vincent Medical Center
Transferee: Advanced Heart Care P.C.

Dear Sir:

We are requesting transfer of control for the above license. The transfer will be from Mercy St Vincent Medical Center (MSVMC) to Advanced Heart Care P.C.

The name of the facility will change from Mercy, Advanced Heart Care to Advanced Heart Care P.C.. The authorized user (Dr Prem Ghai) will remain the same.

For questions concerning this transfer, please contact our medical physicist, Andrew Schneider, Ph.D., at 419-266-7530 or deltamlk@gmail.com.

No changes in personnel will occur. Dr. Schneider will be providing Medical Physics services.

There will be no changes in the location, facilities, equipment or procedures that relate to the licensed program.

The radiation safety surveillance program (surveys, wipe tests, quality control) is current as of today.

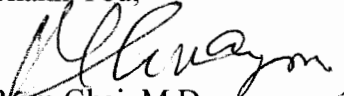

All records concerning the surveillance program will be transferred to the transferee. These records include documentation of surveys of ambient radiation levels and fixed and/or removable contamination, including methods and sensitivity.

The transferee will abide by all constraints, conditions, requirements and commitments of the transferor.

Please note that the legal transfer of this medical practice is scheduled for January 13, 2016. Therefore, we would greatly appreciated expeditious handling of this transfer of control request.

If you have any questions or concerns please feel free to contact me or my office manager (Gay) at 734 242-8880.

Thank You,

Prem Ghai, M.D.
