FILE COPY

Attention: Mr. R. Reid, Chief  
Operating Reactors Branch #4

Reference: Oconee Nuclear Station  
Docket Nos. 50-269, -270, -287

Dear Mr. Case:

My letter of May 16, 1978 requested the NRC review and concur with the installation of a limited number of tube sleeves in the steam generators at Oconee Nuclear Station. The required license fee was inadvertently not submitted.

In this regard, please find attached a check in the amount of \$4,800 which represents the fee for one Class III and two Class I license fees as the request involves the review of a single safety issue.

Very truly yours,

*William O. Parker, Jr.*
