August 27, 1970

Dear Mr. Price:

In the past few weeks we have received seven requests from your office for Departmental comments on nuclear generating stations, in accord with the requirements of the National Environmental Policy Act of 1969. Some of the proposals are extensive and will require detailed responses. Because of this influx of unprogrammed work, added to our already demanding load, it is impossible to meet the imposed deadlines. I am, therefore, requesting the following reporting dates:

<u>Docket Number</u>	<u>Title</u>	<u>Date</u>
50-329, 330	Midland Units 1 and 2, Michigan	Sept. 18
50-249	Dresden Unit 3, Illinois	Sept. 22
50-247	Indian Point Unit 2, New York	Sept. 30
50-346	Davis-Besse Unit 1, Ohio	Oct. 7
50-363	Forked River Unit 1, New Jersey	Oct. 13
50-361, 362	San Onofre Units 2 and 3, California	Oct. 16

The report on North Anna Units 1 and 2 (50-338 and 339) will be forwarded to you next week. The report for Oconee Units 1, 2, and 3 (50-269, 270, and 289) will follow by close of business September 10.

Sincerely yours,

Leslie L. Glasgow

Leslie L. Glasgow
Assistant Secretary

Mr. Harold L. Price
Director of Regulation
Atomic Energy Commission
