**NRC License # 24-01090-03: Request to remove the Carthage Site, 3125 Dr. Russell Smith Way, Carthage, Missouri as a location for use and storage in Condition 10.B. of our license.**

Dear Materials Licensing Branch:

Senior Management has decided not to move forward with our previous plan to use or store licensed material in the Carthage Site, 3125 Dr. Russell Smith Way, Carthage, Missouri.

We confirm that Mercy Hospital Joplin never used nor stored licensed material under our radioactive material license, License Number 24-01090-03 at this location. Please remove Condition 10.B., which lists this site for use and storage of materials from our license.

If you have any questions regarding this amendment request, please contact Samuel Rhoades, Ph.D., Radiation Safety Officer at (417) 556-4463 or [Samuel.Rhoades@Mercy.net](mailto:Samuel.Rhoades@Mercy.net)

Sincerely,
