## Freedom of Information Act Request

I am seeking access to records under the Freedom of Information Act.

I am:

Robert H. Leyse (b) (6)  
(b) (6)

I am seeking access to documents that are in NRC files and are currently in Adams ,but are non-public. The following email exchanges state very specifically the document or documents that I am seeking regarding the technology of potential use of methyl cellulose bags in ice baskets.

From: PDR.Resource@nrc.gov  
To: (b) (6)  
Sent: 2/24/2016 7:38:14 A.M. Mountain Standard Time  
Subj: RE: Attention Sardar  
Bob,  
Today is a good day, I have found the reference document in Adams, but this is non-public. The other document dated June 28, 1984 is attached.

NON-public  
Document Title: Forwards requests for addl info re GDC 51, "Fracture Prevention of Containment Pressure Boundary," TMI Item III.D.1.1 on primary coolant outside containment & use of methylcellulose bags in ice baskets.  
Response due 840627.  
In Main Library:  
Date Docketed:  
Document Date: 6/18/84  
Estimated Page Count: 8  
Document Type: "CORRESPONDENCE-LETTERS"; "OUTGOING CORRESPONDENCE"  
Author Name: "ADENSAM E G"  
Addressee Affiliation: "DUKE POWER CO."  
Microform Addresses: 67397:001-67397:008  
FACA Document: No  
Case/Reference Number: "TASK-3.D.1.1"; "TASK-TM"

Thanks  
Sardar

Sardar:

I appreciate your patience. I am curious. Is it possible to find the attached document in Adams or elsewhere? I just happened to have this old copy when I was resurrecting some old files.

bob

I will pay fees, but they should be waived because they will be minimal. The documents are clearly described and the location is in Adams.
