MEMORANDUM TO: Andrea Valentin, Executive Director  
Advisory Committee on Reactor Safeguards

FROM: Francis M. Akstulewicz, Director */RA Mark Delligatti for:/*  
Division of New Reactor Licensing  
Office of New Reactors

SUBJECT: TURKEY POINT UNITS 6 AND 7, COMBINED LICENSE  
APPLICATION – ADVANCED SAFETY EVALUATION WITH NO OPEN  
ITEMS FOR CHAPTER 11, “RADIOACTIVE WASTE MANAGEMENT”

By letter dated June 30, 2009, Florida Power and Light (FPL) submitted an application to the U.S. Nuclear Regulatory Commission (NRC) for a combined license (COL) for Turkey Point, Units 6 and 7.

Based on our review of the application, the staff is providing the Advisory Committee on Reactor Safeguards (ACRS) its Advanced Safety Evaluation (ASE), with no open items for Chapter 11, “Radioactive Waste Management” (Agencywide Documents Access and Management System (ADAMS) ML15096A457). Unless otherwise stated in the ASE, the staff’s review was based on Revision 7 of the application. The ASE is being provided to support an upcoming meeting of the subcommittee of the ACRS. The ACRS full committee meeting will be held after the subcommittee meeting.

In accordance with the memorandum to the ACRS dated March 17, 2010 (ML100700612), the staff has reviewed the submitted information against the categories for which the ACRS requested be used to highlight information for review by the committee. The staff’s assessment is that section 11.2 of the Chapter 11 ASE should be discussed with the ACRS Subcommittee, because it contains an evaluation of the proposed disposal method for liquid radioactive effluents through deep well injection

(301) 415-2809

The staff concludes that the ASE does not contain any information exempt from public disclosure. However, the NRC will withhold the ASE from public disclosure for ten business days to allow FPL the opportunity to verify the staff's conclusion that the ASE contains no such exempt information. Therefore, the staff requests that the ACRS withhold the ASE from public disclosure until the information has been released publicly in ADAMS. The staff will inform the ACRS immediately if FPL requests that any of the information in the ASE be withheld from public disclosure.
