Subject: FYI: Reply to Levy Units 1and 2 Combined License Application - Related to Crystal River Unit 3 Exemptions from Certain Emergency Planning Requirements

FEMA went ahead and drafted a response to our June 18 inquiry already. In light of today's public meeting, I guess we need to draft a memo back to transmit the 2013 Progress letter and see if that suffices?

Don, my personal opinion based on today's public meeting is that we don't need to issue a formal RAI at this point to the applicant, but maybe Dan or you have a different opinion/reasoning.
