Subject: FW: NRC's Request for Additional Information

Mr. Ho,

Attached is a request for additional information (RAI) regarding Jenbo USA request to terminate the exempt distribution license no. 04-23986-01E. Please note that the NRC will not terminate the license until we receive a complete response to the attached RAI. We issued the RAI in February 11, 2016, and licensees have 30 days to submit a response back. The due date for Jenbo USA response is by COB tomorrow, March 11, 2016.

Please note that while the license is still active, Jenbo USA is still responsible for the annual fee as required by 10 CFR 171.

I will contact you via phone today to discuss any questions you have. If you prefer you can also send me your questions via email.

Best regards,

Hector Luis Rodríguez-Luccioni, Ph.D.

To whom it may concern,

This is a formal request by JenboUSA to the NRC to officially remove the following address as a location to store our Stage lighting products. We have formally closed the business and have either sold or returned inventory out of the country.

Address: [21393 Curtis Street, Hayward, CA.](#)

Best,
Kevin Ho

Official Safety Office for the now defunct JenboUSA.

Formal Amendment Request by defunct JenboUSA

We would like to formally remove the following address from our location to store and distribute Jenbo Metal Halide Bulb products.

3672 Edison Way Fremont, CA 94538

License No. 04-23986-01E.

Best,
Kevin Ho
