

March 28, 2016

Dr. Hans Wanner
Director
Swiss Federal Nuclear
Safety Inspectorate
Industriestrasse 19, 5200
Brugg, Switzerland

Dear Dr. Wanner:

Thank you for presenting at the U.S. Nuclear Regulatory Commission's (NRC's) 28th Annual Regulatory Information Conference (RIC), held March 8-10, 2016, at the Bethesda North Marriott Hotel and Conference Center in Rockville, Maryland.

Your remarks during our "Leveraging Topical Partnerships for Improved Nuclear Safety and Security Practices" session were interesting and informative. In particular, your perspective on how the Western European Nuclear Regulators Association's multilateral activities work to strengthen nuclear safety and security practices in Europe helped to foster a dynamic discussion during the question and answer portion of the session.

Initial feedback received indicates that the RIC was successful in achieving its primary goal of providing stakeholders with important and relevant information specific to safety and security. It also offered an opportunity for participants to interact with colleagues in the nuclear community by gaining and sharing valuable insights and opinions on nuclear regulatory activities.

Video recordings captured during the Opening Session, the Commissioner plenary sessions, and the Regional Session are available to the public at <http://video.nrc.gov/>. Additionally, audio recordings, transcripts, and presentations received while onsite are currently being compiled and will be posted on the RIC Web site at <http://www.nrc.gov/public-involve/conference-symposia/ric/index.html> in the next few weeks.

As a friendly reminder, the NRC uses your feedback to continuously make positive improvements to the conference so we welcome your insights. Please take a moment to complete the electronic "overall conference" and "technical session" evaluations located on the RIC Web site above.

Again, thank you for your participation at NRC's 28th Annual RIC. We hope you will join us next year for the 29th Annual RIC in March 2017.

Sincerely,

/RA/

Nader L. Mamish, Director
Office of International Programs

Mr. Lingquan Guo
Section Head
Network Management and
Partnership Section
International Atomic Energy Agency
Wagramerstrasse 5
P.O. Box 100, A-1400
Vienna, Austria

Dear Mr. Guo:

Thank you for presenting at the U.S. Nuclear Regulatory Commission's (NRC's) 28th Annual Regulatory Information Conference (RIC), held March 8-10, 2016, at the Bethesda North Marriott Hotel and Conference Center in Rockville, Maryland.

Your remarks during our "Leveraging Topical Partnerships for Improved Nuclear Safety and Security Practices" session were interesting and informative. In particular, your perspective on how Global Nuclear Safety and Security Network activities work to strengthen nuclear safety and security practices worldwide helped to foster a dynamic discussion during the question and answer portion of the session.

Initial feedback received indicates that the RIC was successful in achieving its primary goal of providing stakeholders with important and relevant information specific to safety and security. It also offered an opportunity for participants to interact with colleagues in the nuclear community by gaining and sharing valuable insights and opinions on nuclear regulatory activities.

Video recordings captured during the Opening Session, the Commissioner plenary sessions, and the Regional Session are available to the public at <http://video.nrc.gov/>. Additionally, audio recordings, transcripts, and presentations received while onsite are currently being compiled and will be posted on the RIC Web site at <http://www.nrc.gov/public-involve/conference-symposia/ric/index.html> in the next few weeks.

As a friendly reminder, the NRC uses your feedback to continuously make positive improvements to the conference so we welcome your insights. Please take a moment to complete the electronic "overall conference" and "technical session" evaluations located on the RIC Web site above.

Again, thank you for your participation at NRC's 28th Annual RIC. We hope you will join us next year for the 29th Annual RIC in March 2017.

Sincerely,

/RA/

Dr. Ahmad Al Khatibeh
Section Head
International Atomic Energy Agency
Wagramerstrasse 5
P.O. Box 100, A-1400
Vienna, Austria

Dear Dr. Al-Khatibeh:

Thank you for presenting at the U.S. Nuclear Regulatory Commission's (NRC's) 28th Annual Regulatory Information Conference (RIC), held March 8-10, 2016, at the Bethesda North Marriott Hotel and Conference Center in Rockville, Maryland.

Your remarks during our "Leveraging Topical Partnerships for Improved Nuclear Safety and Security Practices" session were interesting and informative. In particular, your perspective on how Control of Sources Network activities work to strengthen nuclear safety and security practices worldwide helped to foster a dynamic discussion during the question and answer portion of the session.

Initial feedback received indicates that the RIC was successful in achieving its primary goal of providing stakeholders with important and relevant information specific to safety and security. It also offered an opportunity for participants to interact with colleagues in the nuclear community by gaining and sharing valuable insights and opinions on nuclear regulatory activities.

Video recordings captured during the Opening Session, the Commissioner plenary sessions, and the Regional Session are available to the public at <http://video.nrc.gov/>. Additionally, audio recordings, transcripts, and presentations received while onsite are currently being compiled and will be posted on the RIC Web site at <http://www.nrc.gov/public-involve/conference-symposia/ric/index.html> in the next few weeks.

As a friendly reminder, the NRC uses your feedback to continuously make positive improvements to the conference so we welcome your insights. Please take a moment to complete the electronic "overall conference" and "technical session" evaluations located on the RIC Web site above.

Again, thank you for your participation at NRC's 28th Annual RIC. We hope you will join us next year for the 29th Annual RIC in March 2017.

Dr. Alfredo de los Reyes
Head of International Programs
Spanish Nuclear Safety Council
Pedro Justo Dorado Dellmans
11 – 28040
Madrid, Spain

Dear Dr. de los Reyes:

Thank you for presenting at the U.S. Nuclear Regulatory Commission's (NRC's) 28th Annual Regulatory Information Conference (RIC), held March 8-10, 2016, at the Bethesda North Marriott Hotel and Conference Center in Rockville, Maryland.

Your remarks during our "Leveraging Topical Partnerships for Improved Nuclear Safety and Security Practices" session were interesting and informative. In particular, your perspective on how the Forum of Ibero American Radiological and Nuclear Safety Regulators activities works to strengthen nuclear safety and security practices Ibero-America helped to foster a dynamic discussion during the question and answer portion of the session.

Initial feedback received indicates that the RIC was successful in achieving its primary goal of providing stakeholders with important and relevant information specific to safety and security. It also offered an opportunity for participants to interact with colleagues in the nuclear community by gaining and sharing valuable insights and opinions on nuclear regulatory activities.

Video recordings captured during the Opening Session, the Commissioner plenary sessions, and the Regional Session are available to the public at <http://video.nrc.gov/>. Additionally, audio recordings, transcripts, and presentations received while onsite are currently being compiled and will be posted on the RIC Web site at <http://www.nrc.gov/public-involve/conference-symposia/ric/index.html> in the next few weeks.

As a friendly reminder, the NRC uses your feedback to continuously make positive improvements to the conference so we welcome your insights. Please take a moment to complete the electronic "overall conference" and "technical session" evaluations located on the RIC Web site above.

Again, thank you for your participation at NRC's 28th Annual RIC. We hope you will join us next year for the 29th Annual RIC in March 2017.

Sincerely,

/RA/
