Subject: RIC 2016 NEI panel participation request

Hello Joseph,

You have been listed as the NEI point of contact to request facilitation of panelist participation for the 2016 Regulatory Information Conference. I'm a Session Coordinator for a technical session being presented at RIC 2016 and would like to invite NEI to participate as a panelist on my technical session entitled "Changes to the Operator Initial Licensing Examination Process." . The session will give participants an opportunity to learn about recent changes and updates to the operator initial licensing examination process, including proposed changes to NUREG-1021 and internal review processes. This session is currently scheduled for Tuesday, March 8th, 2016, from 3:30 PM to 5:00 PM. The current format for this session is presentation style, with each presenter on the panel having ten minutes for their presentation, followed by a question and answer session. Please let me know who at NEI would be interested in being a presenter on this session so that I can send them the required forms.

Thanks,

Theresa Buchanan
