Subject: Withdrawal of Request to Amend Certificate of Compliance No. 71-9204 for the Model No. 10-160B Type B Radwaste Shipping Cask

References: 1. Letter from S. Sisley (EnergySolutions) to USNRC, "Request to Amend Certificate of Compliance No. 9204, Revision 22 for the Model No. 10-160B Type B Radwaste Shipping Cask," Letterbook No. ES/NRC 16-001, January 14, 2016.

Dear Sir or Madam:

EnergySolutions hereby withdraws the request to amend the Certificate of Compliance (CoC) for the Model No. 10-160B package (Reference 1), and requests that NRC cease activities related to review of the associated application. The addition of ethylene propylene (EP) compound for the lid O-ring seals is no longer necessary for near-term operations. EnergySolutions intends to include the request to add the EP compound for the lid O-rings in a future application to amend the 10-160B CoC.

Should you or your staff have questions, please call me at (408) 558-3509 or contact me by email at ssisley@energysolutions.com.

Sincerely,
