SUBJECT: Closure Notification – Cyber Security Violations Documented in Inspection of Implementation of Interim Cyber Security Milestones 1-7 Inspection Report

Palisades Nuclear Plant
Docket No. 50-255
Renewed Facility Operating License No. DPR-20

Reference: 1. NRC letter to Entergy Nuclear Operations, Inc., *Palisades Nuclear Plant, Unit 1 Inspection of Temporary Instruction 2201/004, "Inspection of Implementation of Interim Cyber Security Milestones 1-7" Inspection Report 05000255/2015407*, dated October 14, 2015 (ADAMS Accession No. ML15289A409).

Dear Sir or Madam:

The purpose of this letter is to notify the U.S. Nuclear Regulatory Commission (NRC) Region III that Entergy Nuclear Operations, Inc. (ENO) Palisades Nuclear Plant (PNP) has completed the corrective actions for the violations listed in Inspection Report 05000255/2015407, *Inspection of Implementation of Interim Cyber Security Milestones 1-7* (Reference 1).

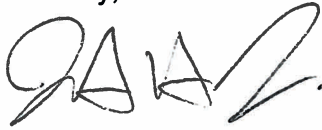

As documented in the inspection report, on September 17, 2015, the NRC completed an inspection at the PNP that covered the interim cyber security Milestones 1-7 of the security cornerstone. The inspection identified three non-cited violations that were subsequently reviewed by the Security Issues Forum (SIF) Panel which concluded that enforcement discretion is applicable to the three violations. Additionally, the inspection report requested ENO to provide written notification to the NRC's regional office as to the method and date of closure for the identified issues. The attachment to this letter provides the requested closure information.

ENO requests that the attachment to this letter, which contains security-related information (SRI), be withheld from public disclosure in accordance with 10 CFR 2.390.

Please feel free to contact Jim Miksa with any questions regarding the information provided in this letter at 269-764-2945 or via email at jmiksa@entergy.com

This letter identifies no new commitments and no revisions to existing commitments.

Sincerely,

A handwritten signature in black ink, appearing to be 'JAH/jpm', written in a cursive style.

JAH/jpm
