Subject: **Additional Information for CN590385**

Dear Mr. Parker:

Per your Request for Additional Information (RAI), # CN590385, this letter serves to address the requested information with respect to our recent license application. I have enumerated the responses to each of your questions outlined in the RAI.

1. All PET studies are to be performed entirely in the InSight PET/CT mobile coach. The coach will be parked at the requested facilities, once approved.
2. InSight provides a turnkey imaging service to the client facilities requested. InSight employees will order and receive radioactive materials, only. Unit dose activities will be directly delivered to the Insight coach.
3. None of the client employees will work on the mobile coach, and therefore will not be badged.
4. Please Add Ravi Jain, M.D. for material and use as found in 10 CFR 35.200

Sincerely,

A handwritten signature in black ink that reads "Catherine M. Anderko". The signature is written in a cursive, flowing style.
