Re: Uranerz Energy Corporation, Nichols Ranch ISR Project, Source Materials License SUA-1597,  
Request for Additional Information on Jane Dough License Amendment (TAC No. J00726, J00875)

On February 5, 2016, Uranerz Energy Corporation (Uranerz) received a request for additional information (RAI) from the Nuclear Regulatory Commission (NRC) pertaining to the Jane Dough Amendment for the Nichols Ranch ISR Project. The request, dated January 21, 2016, contained RAIs for both the Technical and Environmental Reports. Uranerz is hereby responding to the NRC's request to respond to the RAIs or provide a schedule for submitting responses within 30 days of receipt of the letter. As you are aware, Uranerz requested a public meeting to discuss and get clarification from the NRC on the RAIs prior to providing responses. It is Uranerz expectation that the public meeting will yield clarification of the requests so a schedule for submitting responses can be developed thereafter and submitted to the NRC.

If you should have any questions regarding this matter, please contact Dawn Kolkman by phone at 307-265-8900 or by email at [dkolkman@energyfuels.com](mailto:dkolkman@energyfuels.com).

Sincerely,
