Dear Ms. Vandewater,

I've received and reviewed your exempt distribution report for the 2015 reporting period. You must revise your report so that it meets the reporting requirements for your license.

Please revise your report to include the following (or similar) sentence: "The products were transferred for use under 10 CFR 30.15(a)(8)(iv)." Please note that License No. 28-24004-01E authorized the distribution of products in accordance with 10 CFR 32.14. Your report referenced 10 CFR 32.18 and 10 CFR 32.20, which are not relevant to this license. Please remove these references when you revise your report. Further information about the requirements that apply to annual reports of exempt distribution can be found in the attached Regulatory Issue Summary.

A hard copy of your revised report should be addressed and sent to:

ATTN: Document Control Desk/Exempt Distribution
Director, Office of Nuclear Material Safety and Safeguards
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

Since we are having difficulties receiving mail at the NRC's official address, you may wish to send a scan of your revised report to me via email.

Please be aware that upon your request, proprietary information submitted to the NRC may be withheld from public disclosure. To do this, you must follow the procedures in 10 CFR 2.390(b) including requesting withholding at the time the information is submitted and complying with the document marking and affidavit requirements set forth in 10 CFR 2.390(b)(1).

If you have any questions, please feel free to contact me.

Regards,
Eric
